## Heisey Collectors of America, Inc.

Glassware made by A.H. Heisey and Company has great appeal to a variety of collectors, novice, and expert alike. If you would like to expand your knowledge and/or collection of Heisey's elegant glassware, join the Heisey Collectors of America, Inc. (HCA), one of the largest collecting organizations in the United States.

HCA is a non-profit tax-exempt corporation dedicated to the education, preservation, and encouragement of collecting the fine handmade glassware produced by A.H. Heisey and Company in Newark, Ohio. Twenty dedicated collectors founded the club in Newark on October 15, 1971. Today, thousands of members all over the United States enjoy sharing their common interest in Heisey glass. Membership includes a monthly newsletter. A Board of Directors elected by HCA voting members governs the club.

The National Heisey Glass Museum is located in Veterans Park, at the corner of 6th and Church Streets in downtown Newark, Ohio.

## The Benefits of Joining a Study Club!

The Great Plains Heisey Club brings together those interested in sharing their knowledge of Heisey glass with others. The club provides members the opportunity to actually see Heisey glass that they may have only read about before.

There are educational benefits to members of learning about Heisey glass and educating the public.

By joining the Great Plains Heisey Club you have the opportunity to share your personal collecting experiences with friends.

One aspect that makes collecting Heisey Glass fun is the piece you are looking for needs to be somewhat difficult to find, but not so difficult that you cannot add to your collection. Our members delight in telling the story behind a particular purchase. They also share the disappointment or frustration of losing a piece at an auction or learning that the piece is not what they thought it was. Being outbid, outspent, or the "I should have bought" stories make all our collecting experiences that much more meaningful.

Our club meetings are fun and lively – featuring interesting Heisey programs, "Show and Tell", and auctions for those who want to buy Heisey. Visit our website shown on the back of this brochure to learn more about us or visit the National Heisey Club website at [www.heiseymuseum.org](http://www.heiseymuseum.org).

Our club is composed of over 30 members who share a passion for collecting Heisey glass.
